SPECIFICATIONS FOR THE CENTERLINE AND EDGE MARKING OF VARIOUS TOWNSHIP STREETS 2026

All materials shall conform to the following: Traffic Paint 740.02 and Glass Beads 740.10 Of the State of Ohio Department of Transportation Construction and Material Specifications.

1. Pavement Preparation

The Contractor shall clean all visible loose or foreign material from surface to be marked. The pavement-making equipment shall be equipped with an air jet to remove all debris from the pavement in advance of the applicator gun. Contractor shall power broom clean all surfaces where the center line or edge lines are to be applied as directed by the Public Works Director or his representative.

2. Layout

The Contractor shall lay out the locations of all lines to assure their proper placement. The layout shall be approved by the Public Works Director or his representative before marking operations begin.

3. Line Placement Tolerance

Pavement marking lines shall be straight or smoothly curved, true to the Alignment of the pavement, and shall not deviate laterally from proper location at a rate of more than 2 inches in 100 feet.

4. Line Types

Marking material shall be applied at a rate specified herein and shall be uniformly retroreflective.

5. Edge Line

Edge lines shall be continuous stripes, 4 inches in width. Center of stripe shall be located 6 inches from edge of the pavement unless otherwise directed by the Public Works Director or his representative.

6. Center Lines

Center lines shall be single or double yellow stripes between contiguous lanes of pavement carrying traffic in the opposite directions. Centerline larking shall also include two-way left turn stripping and outline of left turn island. Each line shall be 4 inches wide.

7. Method of Measurement

Pavement marking will be measured completely in place in the units designated. Line quantities will be the length of completed marking, including gaps, intersections, and other sections of pavement not normally marked. A measurement will be made by the Public Works Director or his representative and all measurements are final.

8. Basic Payment

All work performed and measured as prescribed above will be paid for as

provided in respective items for each type. Payment shall include all labor, equipment, and material necessary to complete work. Payment for accepted quantities complete in place will be at the contract price for miles of double yellow center line, miles of edge line, and miles of layout.

9. Application

Pavement marking shall be applied only when the surface is clean and dry and when the pavement and air temperatures are above 40 degrees Fahrenheit. Paint shall be applied at the following rate: 20 gallons per mile of 4 inches line. Glass beads shall be applied to the wet paint so that the beads are embedded and retained in the paint and uniformly cover the paint surface. The rate of application shall be not less than 6 pounds of glass beads per liter gallon of paint applied. Ensure that the temperature of Type 1, Fast Dry, Water Based 100% Acrylic, ODOT 642 Paint at the discharge point is within the range recommended by the paint manufacturer.

10. General

Pavement markings shall be free of uneven edges, overspray, or other readily visible defects which detract from the appearance or function of the pavement markings. Lines shall be sharp, well-defined, and uniformly retroreflective. The width of line applied shall be 4 inches plus or minus ¼ inch. Fuzzy lines, excessive overspray, or nonuniform application are unacceptable. Lines shall be inspected at night by the Public Works Director or his representative to verify proper retro-reflectivity. Pavement markings that are improperly aligned, located, or reflectorized shall be corrected at the Contractor's expense. **ALL CENTER LINES AND EDGE LINES SHALL BE COMPLETED NO LATER THAN FIFTEEN (15) DAYS AFTER STREET IS PAVED.**

ENTER A PROPER CONTRACT

Enter into “a proper contract” means that within ten (10) days after receipt of the Township’s Notification of award, the successful bidder shall file with the Township Trustees the following documents exactly in the manner specified:

1. Signed contract, with Certified Corporation Resolution, or notarized statement of Partnership as sole Owner.
2. A Performance bond for the full amount of the contract, if bid guaranty was in the form of a certified check, cashier’s check, or letter of credit.
3. Certificate of Insurance.
4. Current Ohio Worker’s Compensation Certificate.
5. A statement in accordance with ORC Section 5719.04 filed on Attached 1 or 3 stating whether the bidder has delinquent personal property taxes at the time of the bid.

Upon failure, within ten (10) days of notification of the award, to file the documents listed above, in the manner specified by the Township, the bidder and/or the surety bond shall be liable to the Township under their bid guaranty.

DEFINITIONS

The following may be used interchangeably in the specifications:

Township/Perry Township Trustees/Owner
Bid/Proposal
Project/Work

INVITATION TO QUOTE

The invitation to quote is incorporated by reference in these instructions.

OHIO SALES TAX

The Township is exempt from the payment of the Ohio Sales and Use Tax, the cost of such is not to be included in the proposal.

Page 2 - ENTER INTO A PROPER CONTRACT

PERMITS, FEES

The Contractor shall obtain and apply for all permits, fees, and licenses necessary for the performance of his work on the project. The cost of such may be included in the proposal.

TIME OF COMPLETION

Contracts shall complete the Project Work, all extensions and weather delays included, not later than _____.

LIQUIDATED DAMAGES

The Township will suffer additional costs if the project is not substantially completed within the time specified. As a condition to the acceptance of the Contract, each Contractor and its surety shall be liable for and pay the Township liquidated damages in the amount of \$100.00 for each day the project remains in an unfinished condition beyond the time for completion set forth in these instructions to Bidders. Such an amount may be deducted by the Township from any payment due or to become due to said Contractor. Nothing under this section shall prohibit the Township from recovery of damages for delay under other provisions of the Contract documents.

Punch list items must be completed within thirty (30) days after a substantial completion acceptance signified by a written inspection report by the Township representative to avoid imposing liquidated damage penalties.

The said amount is fixed because of the impracticability and extreme difficulty of determining and fixing the actual additional costs the Township would, in such event sustain, and said amount is agreed to be the amount of damages which the Township would sustain and shall not be treated as retainage.

This is of the essence for each and every portion of the project and of the Specification wherein a definite and certain length of time is fixed for the performance of any act. Where an additional time is allowed for the completion of any work, the new time fixed by such extension shall control.

The contractor shall not be charged with liquidated damages when the Township determines the contractor is without fault and the Contractor's reasons for the time extensions are acceptable to the Township providing the Contractor shall, within then (10) days from the beginning of such delay, notify the Township in writing of the causes of the delay.

The Township's right to liquidate damages under this Clause is in addition to and separate from their right to recover under the Form 1 Bid Guarantee Bond or Performance Bond, whichever is applicable, as required under Clause II of these Specifications.

Page 3 - ENTER INTO A PROPER CONTRACT

UNIT PRICES

When unit prices are requested, the unit prices specified in the unit price bid column will govern the award of the contract. The bidder shall make the calculations in the total amount bid column and also add up the total. The total bid amount is the bid contemplated by these specifications. If a mathematical error is made determining the total bid amount, the unit price specified together with the approximate quantities shall determine the total amount of the bid.

PROJECT PRICE

The Contract shall be awarded to the successful bidder, who shall be the lowest responsible Bidder based upon a total contract price in accordance with the applicable provisions of this contract. In no event shall the project exceed a total cost of \$500,000.00.

METHOD OF PAYMENT

Payment shall be made to the successful bidder, in accordance with the applicable provisions of this contract.

INSURANCE SPECIFICATIONS FOR CONTRACTORS AND SUBCONTRACTORS AT ANY TIER

The Contractor, all Subcontractors, and all Sub-Contractors, hereafter called the "Contractor" shall provide and maintain during the life of this contract the following minimum insurance limits and conditions:

COMPREHENSIVE GENERAL LIABILITY

The comprehensive General Liability Coverage shall include Completed Operations Product Coverage, Personal Injury Coverage, and Contractual Liability Coverage to satisfy the Indemnification Clause included herein.

The Comprehensive General Liability Coverage shall include Underground Hazards for sub-surface operations; Explosion and Collapse Liability Coverage shall be determined by the township on the basis of specific construction exposures.

INDEMNIFICATION CLAUSE

The Contractor agrees to indemnify and save the Township, its officials, agents, and Employees harmless from any and all losses, claims, actions, costs, expenses, judgments, subrogation, or other damages resulting from injury to any person (including injury resulting in death), or damage (including loss or destruction) to property whatsoever nature of any person, firm or corporation arising out of the errors, omissions, or negligent acts of the Contractor in the performance of the terms of this contract by the Contractor, including but limited to the Contractor's employees, agents, subcontractors, sub-subcontractors, and other designated by the Contractor to perform work or services in, about, or attendant to, the work and services under the terms of this Contract.

Page 4 – ENTER INTO A PROPER CONTRACT

CERTIFICATE OF INSURANCE

The Contractor shall file a Certificate of Insurance for all coverage required in these Insurance Specifications of the AOORD 25 Form (preferred), and a copy of

his current Worker's Compensation Certificate, with the Township before starting work on the project, and shall keep such Certificates current and on file with the Township for the life of this Contract.

KNOW ALL MEN BY THESE PRESENTS:

That we, the _____
(Name, Address of Contractor)

as Principal, hereinafter called Principal, and _____

(Name and Full Mailing Address of Surety)

as surety, hereinafter call Surety, are hereby and firmly bound unto the Perry Township Board of Trustees, Stark County, Ohio as Obligee in the penal sum of the dollar amount of the bid submitted by the Principal to the Obligee on the ____ day of _____, 20____ to _____. The penal sum referred to herein shall be the dollar amount of the Principal's bid to the Obligee, incorporating and additive or deductive alternate proposals made by the Principal on the date referred to above to the Obligee, which are accepted by the Obligee. For the payment of the penal sum well and truly to be made, we hereby jointly and severally bind ourselves, our heirs, executors, administrators, successors, and assigns.

THE CONDITIONS OF THE ABOVE OBLIGATION IS SUCH, that whereas the Principal has submitted a bid for the Project.

NOW, THEREFORE, if the Obligee accepts the bid of the Principal and the Principal fails to enter into a proper contract in accordance with the bid, plans, details, specifications, and bills of material; and in the event the Principal pays to the Obligee the difference not to exceed ten (10) percent of the penalty hereof between the amount specified in the bid and such larger amount for which Obligee may in good faith contract with the next lowest bidder to perform the work covered by the bid; or in the event the Obligee does not award the contract documents, required advertising, and printing and mailing notices to prospective bidders, whichever is less, then this obligation shall be null and void, otherwise to remain in full force and effect; if the Obligee accepts the bid of the Principal and the Principal within ten (10) days after receipt of notification of award of the contract enters into a proper contract in accordance with the bid, plans, details, specifications, and bills of materials, which said contract is made a part of this bond the same as though set forth herein:

QUOTE GUARANTY BOND

(and Performance Bond)

NOW ALSO, if said Principal shall well and faithfully so and perform the things agreed by the Principal to be done and performed according to the terms of said contract; and shall pay all lawful claims of subcontractors, material men, and laborers, for labor performed and materials furnished in carrying forward, performing, or completing of said contract; we agree and assent that this undertaking shall be for the Obligee herein; then one (1) year thereafter this obligation shall be void; otherwise the same shall remain in full force and effect; it being expressly understood and agreed that the liability of the Surety for any and all claims hereunder shall in no event exceed the penal amount of this obligation as herein stated.

Upon the execution of the proper contract specified herein, the said Bid Guaranty Bond shall constitute and be a Performance Bond as provided herein and in accordance with the statutes of the State of Ohio.

The said Surety hereby stipulates and agrees that no modifications, omissions, or additions, in or to the terms of the said contract or in or to the plans or specifications therefore shall in any way affect the obligations of said Surety on its bond.
