FROM: Joyce Fetzer, Township Administrator
RE: Perry Township Electric Aggregation Program

- Perry Township is aware of residents receiving mass market offers from the supplier Energy Harbor, containing confusing language regarding the Township's aggregation program.
- Any resident receiving a letter from Energy Harbor can simply ignore the letter and they will remain in Perry Township's program. No one will be switched unless they proactively ask Energy Harbor to enroll them.
- Perry Township has an active electric program for residents in both the Ohio Edison and Ohio Power service territories.
- Any residents wishing to verify their enrollment in the Township's program can call the respective program supplier with any questions.
 - Ohio Edison residents, please call Dynegy at 888-682-2170.
 - AEP/Ohio Power residents, please call MidAmerican at 800-342-3346.
- Energy Harbor (formerly known as FirstEnergy Solutions) previously served the Township's aggregation program, but was replaced by the current suppliers after losing a competitive proposal process.
