**ABOUT THE PROGRAM*****What is an Electric Aggregation Program?***

Aggregation is an opportunity for cities, townships and counties to negotiate competitive electricity supply rates and provide budget stability for their residents and small businesses.

First, residents must vote to give their community officials the ability to negotiate electricity rates for their community. Once a referendum is passed, communities are able to aggregate and elected officials can work with alternative energy suppliers to negotiate competitive electricity rates.

***How was Dynergy chosen as the supplier?***

Your community implemented a formal process where proposals from multiple suppliers were submitted for consideration. Dynergy was selected to be your preferred electricity supplier.

**ELIGIBILITY AND ENROLLMENT*****Who is eligible to participate?***

Residential and small business customers located in your community may participate. Customers enrolled with an alternative retail supplier will not be included in the initial program; however, they can call to be enrolled. Customers enrolled in PIPP (Percentage of Income Plan) are not eligible for the program.

***How do I enroll?***

It's simple. It's automatic. Unless you "opt-out" of the program, all eligible customer accounts within your community boundaries will be enrolled in the program as long as you are not participating in one of the programs mentioned above. You will receive a "switch" letter from your local utility company, confirming your enrollment.

***Do I have to participate in the aggregation program?***

All eligible local utility company customers within your community will receive an opt-out notification letter via U.S. mail. You may "opt-out" by returning the Opt-Out card or calling Dynergy by the deadline date identified in your notification. If you choose to opt-out, your account remains with your local utility company at their current utility rate.

***If I don't want to be a part of the program, why do I have to opt-out?***

The voters authorized the community to develop an aggregation program where each resident and small business is automatically enrolled. Therefore, if you prefer not to participate, you must opt out of the program.

***What if I decide to opt-out after the opt-out deadlines have passed?*** You may opt out at any time by notifying us via telephone, email, or mail.

**RATE AND TERM INFORMATION*****What are the Rates & Terms for this Aggregation Program?***

Your competitive rate and terms are explained in your Terms and Conditions. Customers who are enrolled in the program should see the changes on their monthly electricity bill 45 to 60 days after enrollment.

***What if my local utility company's rate decreases?***

If at any time during the term of your Agreement the local utility company's rates fall lower than the Dynergy price, you will have the option to return to the utility, your local electric company, without penalty.

***What happens at the end of the Agreement term?***

At the end of the Agreement term, as defined in the Terms and Conditions, you have the option of staying with a new aggregation program, returning to your local utility company, or signing with a new supplier independent of the Aggregation program.

**BILLING AND SERVICE*****Who will bill me for electricity? Will I get two bills?***

You will continue to receive one monthly bill from your local utility company. The bill will include the charges for electricity supplied by Dynergy, as well as the delivery service charges from your local utility company.

***Can I still have my payment automatically deducted from my checking account?***

Yes, how you pay your bill will not change.

***If I'm on budget billing with my utility, can I keep this program?***

Dynergy accepts Duke, Ohio Edison, Toledo Edison and The Illuminating Company budget billing programs. If you would like to enroll in budget billing or have any additional questions, please contact your utility directly.

***Who do I call to report a power outage or problems with my electric service?***

You will continue to call your local utility company for power outages, problems with your service or questions regarding your monthly bill.

***Who do I call if I have questions regarding the Aggregation Program?***
